PROFESSIONAL SUMMARY

Lead Machine Learning Engineer and Data Scientist with 5+ years of production experience in Natural Language Processing (NLP), Deep Learning, and LLM fine-tuning. Skilled at translating complex business problems into scalable ML pipelines.

TECHNICAL SKILLS

ML & AI: Machine Learning, NLP, Deep Learning, PyTorch, TensorFlow, Scikit-learn, Hugging Face, Transformers, spaCy, NLTK, LangChain, RAG

Languages & Data: Python, SQL, R, Pandas, NumPy, SciPy

Backend & Cloud: FastAPI, Docker, AWS (SageMaker, S3), MLflow, PostgreSQL, Pinecone, ChromaDB

Practices: Feature Engineering, Model Evaluation, A/B Testing, Data Pipelines, PyTest

WORK EXPERIENCE

Senior Machine Learning Engineer | Alpha AI Labs (2022 - Present)

- Developed and deployed enterprise NLP semantic search models using Transformers and Pinecone, boosting search accuracy by 34%.
- Engineered end-to-end RAG architecture with LangChain and FastAPI handling 200,000+ daily conversational queries.
- Optimized PyTorch inference latency by 60% through model quantization and ONNX runtime integration.

Data Scientist | DataSphere Analytics (2019 - 2022)

- Built predictive classification and regression models using Scikit-learn and XGBoost, improving churn forecasting accuracy by 22%.
- Engineered automated data preprocessing and feature extraction pipelines with Pandas, NumPy, and SQL.

EDUCATION

Master of Science in Artificial Intelligence | Columbia University (2017 - 2019)

Bachelor of Science in Mathematics & Statistics | New York University (2013 - 2017)
